MASTER OF MUSIC DEGREE OPTIONS

The Master of Music degree at the University of Nebraska at Omaha is a thirty-hour program divided into four concentrations: Music Education, Music Performance, Jazz and Conducting.

The Music Performance and Jazz concentrations emphasize performance and applied music. Coursework focused on history, theory, and pedagogy (as they relate to performance) is included, and opportunities for internships and performances in local professional organizations such as Opera Omaha and the Omaha Symphony are enjoyed by students at UNO.

The Music Education concentration includes an option for simultaneous Kodály certification. Music Education graduate courses emphasize pedagogy and practical application of music skills and research for teachers at all levels. Flexible delivery methods allow many courses to be completed remotely.

The Conducting concentration emphasizes individualized instruction in conducting and maximizes experiences in front of an ensemble. Courses in music history, literature, and theory supplement practical experience to help produce well-rounded graduates with considerable knowledge of techniques and literature. The conducting concentration has the option of being completed remotely.
